NEW R.A.F. BOMBER

THE "BATTLE" DEMONSTRATED.

---

Picture:-

The secret comes out when this machine emerges from its hangar. It is Britain's most speedy bomber, all bright and brand new. Mr. Fairey of the Fairey Aviation Company, builders of the machine, shows its special points to Colonel Derby, details which until now have been on the Air Ministry's secret list.

The pilot, Flight-Lieutenant Stanland enters the cockpit for the first public demonstration of the machine's wonderful performance.

(EFFECTS - 5 SHOTS)

The under-carriage has now disappeared. The wind resistance is lessened, the speed is increased. (EFFECTS)

(EFFECTS - 3 SHOTS)

I am sure you will have been astounded by its amazing mobility. We may not tell the actual speed, but I am able to reveal that it is at least - - miles per hour. Colossal!
