

FOOTBALL

RUGBY AT TWICKENHAM.

Picture:- Twickenham is packed with sixty-thousand people. Crammer kicks off for England in the International Rugby Match with Scotland. Scotland is defending the Calcutta Cup. Both are fighting to avoid getting a wooden spoon. Bolton has just put down a try for England, and Crammer kicks wide. One of the best men at forward rushes in the Reverend P. Brook, a clerk in Holy Orders. Prince Obolonsky still runs very fast at times. Scotland has just equalised with a try, and England is penalised, a yard or two inside their own half. (EFFECTS)

Fyfe is taking the kick, and with a magnificent effort places a goal for Scotland. (EFFECTS)

England again makes a great thrust. Candler of St. Bart's Hospital hurls through and gets a well earned try. Crammer again fails to convert. Scotland soon replied, and at the end of a fine exciting battle the scores are England nine - Scotland eight, and a wooden spoon. (EFFECTS)

The F. A. Cup semi-final. Fulham versus Sheffield United.
A moderate game, in

which the North got most of the luck. Fulham won the toss,
and attacked strongly. They had many teirs at Sheffield's
goal

but got only one through. EFFECTS.

Many chances were missed and I think that the
best team really won, although, as I said, the luck
was with the slightly better side, Sheffield.

At half time, Sheffield was one up; At full time
2-1, so Sheffield United will play in the final at Wembley.

One of these teams, Arsenal versus Grimsby. This Huddersfield
semi final, drew, as all these matches

do, tremendous crowds of supporters from the home towns.
Grimsby played a game really worthy

of a semi-final, and nobody would have grudged them a win,
except Arsenal supporters, but

Bastin just took advantage of a neat opportunity, in Bastin's
neat way, and robbed Grimsby of the honours. EFFECTS.

EFFECTS.

And Sheffield United will meet the Arsenal at Wembley. It
will be Waterloo for one of them.
