Picture:- The Cross-Country International at Blackpool. Ireland's team

is followed by Wales, look you !

Belgium has sent her best

runners, and a few sober

Scots support the Scottish team, ooh aye !

The distance to be covered is

nine miles, and the pack is off ! If you haven't much interest in cross-country championships, there are ten-thousand people gathered in this Stadium who have. The interest in the event

is very keen. At present England holds the honour, but France is

making a great bid to win. No.5. is W.E. Eaton. No.1. is J. Burns, both three times internationals. 35 is London, France. 19 Runst, Belgium.

Runst is steeplechase

champion also. The English team is

now ahead on points, France being a good second.

The team winner was

England, and the individual winner W.E.Eaton,

Salford Harriers, who ran nine miles in 47

minutes. Well, he couldn't keep a girl waiting, could he ?
