YORKSHIRE'S BIGGEST BLAST

45,000 TONS OF LIMESTONE.

---

Picture. :-

One of the biggest and loudest bangs ever heard in Britain is just being staged at Ribblesdale, Yorkshire. Seven-thousand pounds of gun-powder will shortly bust the cliff wide open, and remove forty-five thousand tons of limestone. Are you all sitting tight ? O.K. Go !

(EFFECTS - 2 SHOTS)

In case any dust get into your eyes, when it happened, we will just blow up those forty-five thousand tons again.
