

NEWS IN A FLASH

New Belgian rifle

This is the new Belgian self-loading rifle - demonstrating its fire-power at a Small Arms School in Kent. An automatic weapon, it has a lighter bullet than the ^{standard} British .303, and a magazine that holds twenty rounds. The rifle breaks like a shot-gun - making internal mechanism easy to strip down - while stoppages during firing are rare.

It can ~~also~~ fire single shots at the rate of sixty well-aimed rounds a minute, ~~in contrast to the rifle~~ ^{THESE ARE A PERFORMANCE WHICH} - may make it the NATO ~~primary~~ ^{THESE ARE} weapon of the future.

Marilyn Monroe wedding

^{IS THE SPECTACLE.}
~~FOOTBALL, BOXING, RACING EVEN BASEBALL FADE WHEN A WEDDING~~
~~All the world loves a lover they say, and that was certainly true~~
^{WHEN} ~~the world~~ Glamour girl, Marilyn Monroe married the ex-baseball star, Joe di Maggio...

And this is one photograph that Marilyn hopes will never be taken out of circulation....

For Marilyn, too, her real-life romance took pride of place over a new film as she left for her honeymoon. ^{WHILE CINEMA GOERS AND BASEBALL} ~~And it's plain that Joe~~
^{FANS ALIKE WISH HAPPY DAYS TO TWO TOP FLIGHT PERFORMERS}
~~the world~~....

Jet Car

^{WILL BE}
^{A FIRST CLASS MATCH.}

America's first jet car, the "Firebird" is ready for its trial run on the proving grounds at Phoenix, Arizona. It's three hundred and seventy ^{horse power} gas turbine engine uses paraffin as fuel - and with racing driver Mauri Rose at the wheel - the firebird starts its first speed test.

The car is an experimental model - but with paraffin costing ^{about two} ~~about~~ a bob a gallon - it's an experiment that should bring new hope to tax-suffering motorists.
