

H.M.S EXPLORER.

9/3/54.

H.M.S. Explorer is the first submarine built for the Royal Navy since 1948. Launched by Lady Reid Young, it is said to be the most amazing ship in any Navy. It has a new type of engine, fuelled by hydrogen peroxide. ~~If there gets to be a fuel shortage there may be a surprise in store for any gentleman who prefers a blonde~~ *But other new details are on the secret list.*

FANCY WAISTCOATS.

In a high-class London rendezvous, we looked in to get a flash of a meeting of the Fancy Waistcoat Club; and we found that in many a fancy waistcoat --- whereas the coat was a fact, it was the waist that was only a fancy. ^ What can a man do if his wife already wears the trousers and now she wants the waistcoat as well? Give her a blood transfusion and sing: "Why not take all of me?"

BRAZIL FILM FESTIVAL.

In Sao Paulo --- here is the opening of the Brazil Film Festival, with Hollywood arrivals including lovely Irene Dunne. ~~And~~ Ever popular star of many roles --- Walter Pidgeon. And gorgeous and glamorous Rhonda Fleming. And America's Motion Picture President Eric Johnstone, says some wise words about the movies.

PUERTO RICO GOVERNOR.

A caller upon President Eisenhower at the White House, is the Governor of Puerto Rico --- explaining that the recent shooting in the House of Representatives, was unsupported action by irresponsible ~~extremists~~ extremists. ^ And our News in a Flash Camera, now interviews the woman who claimed to be the leader of this gang of potential homicides ---- Mrs Lolita Lebron.

DUST BOWL.

Dust --- acres of it; miles of it; in what was once a prosperous farming community in a fertile middle west. All the way from Southern Kansas to Mexico --- nothing but dying, withered crops. We shall think of this, perhaps --- next time we grumble about the rain in Britain.
