

In London is a man who wrote an exciting chapter in the ~~story~~ story of political refugees. Anten Klimewicz --- who was escorted off a Polish ship by a substantial force of London policemen --- because he didn't want to be taken back home to Poland. At a Press Conference later he expressed his gratitude through the medium of the newsreels.

Now, in Hamburg, our cameras record the effect of the strike in this big city of the Federal German ~~Republic~~ Republic. The strike mainly affected ~~public~~ transport and public utilities like gas and coal. The unusual is always interesting; ~~and~~ it makes a change when we're always ~~being~~ being told how hard the German ~~working~~ man is working --- to see that he, too, sometimes ~~takes~~ ~~steps~~ steps. *People want to work in private cars & lorries.*

And here from America is a story of a miraculous escape. An airliner bound from Paris to New York crashed in a potato field in Connecticut. It missed a farmhouse by a margin of a few feet. And --- most amazing of all --- not one of the passengers or crew ~~were~~ <sup>were</sup> killed.

Also from America --- the Hambletonian Stakes in Goshen, New York; --- and that's the Derby of the Trotting world. The race is run in three heats and the best of three is the winner. Pulling away to win the second ~~heat~~ ~~is~~ is the winner of the first --- Newport Dream. Top of the world of harness racing, for 1954.

In Spain --- here is the start of the Sixth International Road Race for Motor cycles..... over the Amara circuit near San Sebastian.

The big event, of course, was the 500 c.c. --- and leading for most of the way was the home-grown champion, the Spaniard Gonzalez. But it was John Grace of Great Britain who came up for a Bannister finish --- to win. ~~xxxxxx~~
