

TAYLOR QUADS' BIRTHDAY.

Just to remind you how time does fly --- this is another birthday for the famous Taylor Quads of Edmonton, and this time --- they're six years old. Four lots of presents; but there are other ~~members~~ members of the family, too --- so what-ho, Father Christmas!

The Quads are Robert, Kevin, Annette and Paul; that's Auntie Doreen with one of the new twins, Amanda --- and Mrs Taylor with the other one --- Gary. ^

And now as part of the birthday celebrations, they're ^{having} ~~going to~~ have a film show. For the first time --- they're going to see the picture of their own christening.

On the screen --- there's drama; but in the audience it's comedy.

At this point Annette seems to be getting a little worried and no wonder. ^

Well --- this wants looking into.

Says Gary: "Get out of it!"

Of course --- they don't take orders from a whippersnapper like him --- but a good time was had by all; and here's wishing them all once more --- ~~Happy Birthdays~~ Many Happy Returns!
