

The signature of every member of Parliament is on the presentation Book which is being given to Sir Winston Churchill to mark his eightieth birthday. One of the first was Mr David Grenfell's --- Father of the House.

Signing now is Mr Frank McCavey -- who is Chairman of the Executive of Members' Parliamentary Committee. And this is Mr Henry Price --- Joint Secretary of the Members' Committee.

This was the tribute, by Members of all parties in Parliament; from Cabinet Ministers to back benchers; and members of the public are paying their own tribute, by subscribing to the Winston Churchill Eightieth Birthday Presentation Fund.
