

At the Queen's Road County Secondary School for Boys in Wimbledon, they have boys that are very much the same as the boys in any other school --- some good, some bad and some that don't get found out. They have a Headmaster with a sense of humour and they have the usual methods of dealing with the malefactor who lets his humour get the better of his sense. But in one ~~aspect~~ respect --- this school is very different. They think that since the Parliament in Westminster has been dissolved for the election, they'd better have one at Wimbledon. So here they are, with Mr Speaker ^{taking} the Chair, and the procedure based ~~on~~ what goes on in the House of Commons

~~Proposing the Motion is Martin Green.~~

Chief speaker for the Opposition is an American boy living in Wimbledon. --- ~~Bill Beadling.~~

Then the debate is thrown open to the House. and the back benchers have a go.

Well --- there we have the arguments for and against --- and so the motion is put to the vote.

Who knows? They may be the M.P.'s of the future --- if they're not careful.
