

AINTREE RACING.

27/9/55.

Mrs Topham --- whose name is synonymous with racing at Aintree --- attended the first international Motor Cycle Race-Meeting at that great home of the horse and horse power. But first of all there was a race for the manpower cycles --- with the winner receiving his victory sash from the great Reg. Harris. Here goes Geoff Duke --- No. ~~21~~ --- away to a good start in the 500 c.c.

And it's the old familiar story of another win by Geoff Duke --- probably the greatest motor cycle ace of all time.
